## VIEWS

- 1314 Risks, Fears and Choices: Unexpected Lessons From the Women's Health Initiative**  
*JADA Editor Marjorie K. Jeffcoat, D.M.D., stresses the importance of educating patients about the concept of risk so that they can make informed decisions about their health care.*

## LETTERS

- 1318** *JADA readers explore nitrous oxide inhalation, the JADA Industry Advisory Board and curing lights.*

## NEWS

- 1333** *Medicated chewing gum can significantly decrease common oral health complications in older adults, according to researchers at Guy's, King's and St. Thomas Dental Institute in the United Kingdom. Dental patients who have had teeth extracted can have pain at the site for months afterward, according to researchers at the 10th World Congress on Pain. JADA readers respond to the July Question of the Month.*

## CLINICAL PRACTICE

- 1343 Do Regular Dentist Visits Affect the Oral Health Care Provided to People With HIV?**  
Richard J. Hastreiter, D.D.S., M.P.H.; Peilei Jiang, Ph.D., M.S., M.S.  
*Drs. Hastreiter and Jiang determine if visiting a dentist regularly affected the oral health care services provided to people with human immunodeficiency virus when financial barriers were eliminated.*

- 1351 Management of Patients With Trigeminal Nerve Injuries After Mandibular Implant Placement**  
Richard A. Kraut, D.D.S.; Omar Chahal, D.D.S.  
*The authors examine ways to avoid, diagnose and manage nerve injuries associated with placement of mandibular endosseous implants.*

## RESEARCH

- 1357 Cross-Reactivity Between Gutta-Percha and Natural Rubber Latex: Assumptions vs. Reality**  
Curt Hamann, M.D., and colleagues  
*The authors analyze aqueous extracts of commercial gutta-percha points and raw gutta-percha samples for cross-reactivity to natural rubber latex.*

- 1369 Oral Health, Nutrient Intake and Dietary Quality in the Very Old**  
Teresa A. Marshall, Ph.D., R.D., and colleagues  
*The authors describe relationships between dietary variety, nutrient intake and oral health measures in community-dwelling, rural Iowans aged 79 years and older.*

## CLINICAL DIRECTIONS

- 1381** *A dentist describes a technique to help clinicians safely insert temporary and permanent fixed partial dentures, aid in the removal of excess luting agent and facilitate oral hygiene instruction.*

## DENTISTRY & MEDICINE

- 1383 Platelet-Rich Plasma: Clinical Applications in Dentistry**  
Nathan E. Carlson, D.M.D.; Robert B. Roach Jr., D.D.S.  
*Drs. Carlson and Roach review scientific articles that directly studied the growth factors shown to be concentrated in platelet-rich plasma.*

page 1387

## COSMETIC & RESTORATIVE CARE

- 1387 An Alternative Method to Reduce Polymerization Shrinkage in Direct Posterior Composite Restorations**  
Simone Deliperi, D.D.S.; David N. Bardwell, D.M.D., M.S.  
*The authors propose restoring enamel and dentin as two substrates and describe techniques for placing direct posterior resin-based composite restorations.*

## TRENDS

- 1399 The Importance of Productivity in Estimating Need for Dentists**  
Tryfon Beazoglou, Ph.D.; Dennis Heffley, Ph.D.; L. Jackson Brown, D.D.S., Ph.D.; Howard Bailit, D.M.D., Ph.D.  
*The authors estimate changes in the U.S. population's utilization of dental care, as well as dentists' productivity.*

## PRACTICAL SCIENCE

- 1405 Fluorosis: Is It Really a Problem?**  
William H. Bowen, B.D.S., Ph.D.  
*Dr. Bowen explores the issue of fluorosis and fluoride exposure.*

## SPECIAL REPORT

- 1408 Future of Dentistry: Access to Care**  
*In this third installment of a series on the Association's Future of Dentistry report, several experts explore what the report says about the issues affecting access to dental care.*

## CONTINUING EDUCATION

- 1425** *JADA's continuing education program highlights cross-reactivity between gutta-percha and natural rubber latex; relationships between dietary variety, nutrient intake and oral health measures in elderly people; an alternative method to reduce polymerization shrinkage in direct posterior composite restorations; and fluorosis.*

## GORDON J. CHRISTENSEN, D.D.S., M.S.D., Ph.D.

- 1433 Are Electric Handpieces an Improvement?**  
*Dr. Christensen explores the advantages and disadvantages of the current generation of high-speed air-rotor handpieces, and compares electric high-speed and air-rotor handpieces.*

## DENTISTRY & THE LAW

- 1435 Employment Discrimination**  
Peter M. Sfikas, J.D.  
*Mr. Sfikas reviews a decision of a federal appellate court, which ruled that the Rehabilitation Act applies to employers with fewer than 15 employees.*
