## COMMENTARY

- 1636 **Editorial:** Did You Take Your Medications? The Dentist's Role in Helping Patients Adhere to Their Drug Regimen  
*M. Glick*  
The JADA Editor addresses the importance of monitoring and reinforcing patients' drug regimen adherence.

## LETTERS

- 1638 JADA readers explore musculoskeletal disorders and dental fees.

## NEWS

- 1642 **Periodontal Disease:** Treatment for periodontal disease is safe for pregnant women, but does not reduce the risk of adverse outcomes, including preterm delivery and low birth weight, according to a study published in the Nov. 2 issue of *The New England Journal of Medicine*. The American Academy of Periodontology responds.
- 1648 **CyberNews:** The American Dental Association Library's Loansome Doc service can deliver articles from the dental literature right to your door or electronic mailbox.

## COVER STORY

- 1649 **Antiplatelet and Antigingivitis Agents:** A Meta-analysis of Six-Month Studies of Antiplatelet and Antigingivitis Agents  
*J.C. Gunsolley*  
Dr. Gunsolley evaluates the efficacy of antiplatelet and antigingivitis agents in studies involving six-month randomized clinical trials.

## CLINICAL PRACTICE

- 1658 **Caries Removal:** Chemomechanical Caries Removal in Children: Efficacy and Efficiency  
*M.C. Peters, M.H. Flamenbaum, N.N. Eboda, R.J. Feigal, M.R. Inglehart*  
The authors compare the efficacy of, efficiency of and need for local anesthesia when using chemomechanical caries removal and the traditional method of caries removal using a bur to treat pediatric patients.
- 1667 **Cancer:** Metastatic Tumors in the Jaws: A Retrospective Study of 114 Cases  
*N.J. D'Silva, D.-J. Summerlin, K.G. Cordell, R.A. Abdelsayed, C.E. Tomich, C.T. Hanks, D. Fear, S. Meyrowitz*  
The authors report the findings of a retrospective analysis of 114 previously unreported cases of metastatic disease to the jaws.
- 1675 **Caries Detection:** Diagnostic Tools for Early Caries Detection  
*A. Ferreira Zandoná, D.T. Zero*  
The authors provide an overview of the state-of-the-art methodologies for the detection and assessment of early carious lesions.

## RESEARCH

- 1685 **Nerve Block:** The Significance of Needle Bevel Orientation in Achieving a Successful Inferior Alveolar Nerve Block  
*G. Steinkruger, J. Nusstein, A. Reader, M. Beck, J. Weaver*  
The authors compare the degree of pulpal anesthesia achieved with a conventional inferior alveolar nerve block administered with the needle bevel oriented away from or toward the mandibular ramus.

**1692 Alcohol Use:** Alcohol Screening in Dental Patients: The Prevalence of Hazardous Drinking and Patients' Attitudes About Screening and Advice

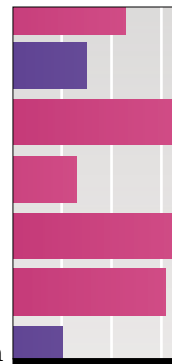

*P.M. Miller, M.C. Ravenel, A.E. Shealy, S. Thomas*

The authors examine the prevalence of hazardous alcohol use in a sample of dental clinic patients and the patients' attitudes about receiving alcohol inquiries and advice from their dentists.

**1699 Radiography:** The Radiographic Outcomes of Direct Pulp-Capping Procedures Performed by Dental Students: A Retrospective Study

*A.S. Al-Hiyasat, K.M. Barrieshi-Nusair, M.A. Al-Omari*

The authors evaluate radiographically the treatment outcome of direct pulp-capping procedures performed by undergraduate dental students in teaching clinics.

page 1692

**PRACTICE MANAGEMENT**

**1706 Asset Allocation:** Considerations in Asset Allocation: Investing Wisely

*E. Rinaldi*

The author reviews the steps an investor should take to make sound asset allocation decisions and offers guidelines on assembling a portfolio that helps meet the investor's needs.

**ASSOCIATION REPORT**

**1712 Mouthguards:** Using Mouthguards to Reduce the Incidence and Severity of Sports-Related Oral Injuries

*ADA Council on Access, Prevention and Interprofessional Relations, ADA Council on Scientific Affairs*

This report reviews the available literature on the types and properties of athletic mouthguards, current fabrication methods and the role of mouthguards in reducing the incidence of oral injury in sports.

**PERSPECTIVES**

**1721 Observations:** Are Veneers Conservative Treatment?

*G.J. Christensen*

Dr. Christensen addresses alternatives to ceramic veneers that should be considered by dentists and patients before making the decision to place ceramic veneers.

**1724 A Better Practice:** Improving Case Acceptance: A New Paradigm for Treatment Plan Presentations

*M.T. Murphy*

Dr. Murphy looks at case presentations with a paradigm that ensures success rather than leaves practitioners merely to hope for it.

**1727 Ethical Moment:** What Are My Responsibilities When Advertising on the Internet?

*K.D. Jones*

Dr. Jones explores the ethics involved when dentists advertise on the Internet.

**1746 2006 AUTHOR/SUBJECT INDEX**

**1772 FOR THE DENTAL PATIENT**
