COMMENTARY

- 1060 **Editorial:** Informed Consent: A Delicate Balance
M. Glick
The JADA Editor explores the legal and ethical elements of informed consent.

LETTERS

- 1064 JADA readers explore listing nonhealth degrees in advertisements, the statute of limitations on malpractice claims, domestic violence, occlusion and long QT syndrome.

NEWS

- 1080 **Dental Tissue Re-Formation:** Researchers from the University of Alberta, Edmonton, Canada, have created a miniaturized system-on-a-chip that offers a noninvasive and novel way to stimulate jaw growth and dental tissue healing.
- 1088 **CyberNews:** A selection of popular practice management books sold through the ADA Product Catalog can be purchased online for downloading and printing.

COVER STORY

- 1089 **Splint Therapy:** The Treatment of Temporomandibular Disorders With Stabilizing Splints in General Dental Practice: One-Year Follow-up
R.W. Wassell, N. Adams, P.J. Kelly
The authors present temporomandibular disorder outcomes in general dental practice one year after initial treatment with stabilizing splints or nonoccluding control splints.

- 1099 **Nonsplint Therapy:** The Efficacy of Traditional, Low-cost and Nonsplint Therapies for Temporomandibular Disorder: A Randomized Controlled Trial
E. Truelove, K.H. Huggins, L. Mancl, S.F. Dworkin
The authors evaluate whether adding two types of splint therapy to self-care reduces temporomandibular disorder-related pain and self-reported TMD symptoms.

- 1108 **Temporomandibular Joint Clicking:** The Treatment of Painful Temporomandibular Joint Clicking With Oral Splints: A Randomized Clinical Trial
P.C.R. Conti, C.N. dos Santos, E.M. Kogawa, A.C.C.F. Conti, C.R.P. de Araujo
The authors compare the efficacy of occlusal splints in subjects who experienced temporomandibular joint clicking with that of a nonoccluding splint.

CLINICAL PRACTICE

- 1115 **Osteonecrosis:** Osteonecrosis of the Jaw and Oral Bisphosphonate Treatment
J.B. Nase, J.B. Suzuki
Dr. Nase and Dr. Suzuki describe adverse clinical sequelae and successful treatment after periodontal surgery in a dental patient receiving bisphosphonate treatment.

- 1121 **Diagnostic Challenge:** Perioral Dermatitis
M.A. Siegel
The author describes a 5-year-old boy who had a left-sided perioral dermatitis of 18-months' duration and offers readers the opportunity to make the diagnosis.

RESEARCH

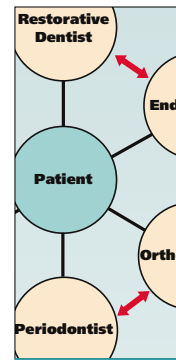

- 1123 **Musculoskeletal Disorders:** The Effects of Periodontal Instrument Handle Design on Hand Muscle Load and Pinch Force
H. Dong, A. Barr, P. Loomer, C. LaRoche, E. Young, D. Rempel
The authors evaluate the effects of periodontal instrument handle design on hand muscle load and pinch force in a simulated dental scaling task.

- 1131 **Bone Repair:** Development of a Nonrigid, Durable Calcium Phosphate Cement for Use in Periodontal Bone Repair
H.H.K. Xu, S. Takagi, L. Sun, L. Hussain, L.C. Chow, W.F. Guthrie, J.H. Yen
The authors describe how they developed a strong and nonrigid calcium phosphate cement that accommodates tooth mobility with less risk of fracturing the implant.

PRACTICE MANAGEMENT

- 1139 **Estate Planning:** Securing Your Family's Future: The Value of Estate Planning
E. Rinaldi, A.M. Shin
The authors discuss the value and elements of a sound estate plan and provide guidance on how dentists can best prepare their family, from an estate tax perspective.

ASSOCIATION REPORTS

- 1144 **Oral Bisphosphonate Therapy:** Dental Management of Patients Receiving Oral Bisphosphonate Therapy: Expert Panel Recommendations
American Dental Association Council on Scientific Affairs
An expert panel provides recommendations on managing the dental treatment of patients receiving oral bisphosphonate therapy.
- 1151 **Topical Fluoride:** Professionally Applied Topical Fluoride: Evidence-Based Clinical Recommendations
American Dental Association Council on Scientific Affairs
An expert panel provides evidence-based clinical recommendations for the professional application of topical fluoride. Also, a tear-out executive summary of the recommendations follows page 1120.

PERSPECTIVES

- 1161 **Observations:** Veneer Mania
G.J. Christensen
Dr. Christensen traces the evolution of ceramic veneers and comments on their use in 2006.
- 1164 **A Better Practice:** Collaborative Interdisciplinary Agreements: A New Paradigm in Laboratory and Specialist Communication and Patient Care
M.T. Murphy
Dr. Murphy describes a methodology for successfully forming an interdisciplinary team.
- 1172 **Ethical Moment:** May I Promote a 'Best Dentist' Listing I Received?
R.G. Asai
Dr. Asai explores the ethics involved in using a 'Best Dentist' listing in marketing a dental practice.

1192 FOR THE DENTAL PATIENT
