

CONTENTS

- 5S **Oral-Systemic Disease Connection:** The Oral-Systemic Disease Connection: An Update for the Practicing Dentist
M.L. Barnett
The guest editor provides an overview of the oral-systemic disease connection.

- 7S **Pregnancy Complications:** Exploring the Relationship Between Periodontal Disease and Pregnancy Complications
Y.A. Bobetsis, S.P. Barros, S. Offenbacher
The authors review studies that investigated the relationship between periodontal disease and pregnancy complications.

- 14S **Cardiovascular Disease:** Periodontal Infections and Cardiovascular Disease: The Heart of the Matter
R.T. Demmer, M. Desvarieux
The authors describe the state of the science regarding the association between periodontal disease and cardiovascular disease.

- 21S **Pneumonia:** Pneumonia in Nonambulatory Patients: The Role of Oral Bacteria and Oral Hygiene
F.A. Scannapieco
The author reviews laboratory studies, clinical trials and review articles that investigated the possible relationship between poor oral health, the oral microflora and bacterial pneumonia.

- 26S **Diabetes:** Periodontal Disease and Diabetes: A Two-Way Street
B.L. Mealey
The author reviews the bidirectional relationships between diabetes and periodontal diseases.

- 32S **Interpreting Study Results:** Challenges in Interpreting Study Results: The Conflict Between Appearance and Reality
M.L. Barnett, J.J. Hyman
The authors describe the strengths and limitations of epidemiology to help readers become better able to interpret epidemiologic studies.
